

Minutes – AZ4NORML Meeting October 17, 2009

We had a nice turnout for the October meeting which was held on Saturday, October 17th. The focus of our meeting was the incredible amount of community events we've been participating in.

Chad has been our volunteer coordinator and he's keeping everything well organized for our volunteers with a myriad of sign-up sheets. One of the ways to be involved is to sign up and volunteer for the various festivities and events. Almost every weekend has presented an opportunity to show Tucson that AZ4NORML is committed to a positive message on all aspects of marijuana from medical to industrial uses.

The big events for late October include the Blues Festival, 350.org and the Procession of All Souls.

The Medical Marijuana Ballot Initiative is still going strong and many of our members are working on gathering signatures. To find out more about the medical marijuana initiative visit the website at <http://www.stoparrestingpatients.org>

The upcoming election has three open spots for city council including Nina Trasoff's council office. Anyone that wants to register to vote can do so online at <http://www.servicearizona.com>.

Dennis Bohlke of Camp 420 was present and gave a nice overview on the ballot initiative his group is also trying to gather enough signatures to get on the November 2010 ballot.
